7 ways your Van Centre can help you
IN MANY WAYS, the award-winning Transporter barely needs an introduction – it’s been the mainstay of Volkswagen’s respected commercial vehicle range for more than 60 years. That’s 60 years of innovation, experience and know-how, all of which benefits you.

With a great choice of panel vans, kombis and customisable chassis cabs, all with plenty of wheelbase, roof-height and payload options, there’s a Transporter for every job, whether it’s shifting heavy loads, carrying crew or maybe a bit of both. There’s a great choice of fuel-efficient 2.0-litre TDI engines, too. All you have to do is pick the Transporter that’s perfect for you.

**Transporter chassis and double cab**

**Transporter panel van**

**Transporter kombi**

**Whatever you’re after, we’ve got a Transporter for you**

Delivering the goods.
It’s what we’ve always done...

Today’s much-loved, award-winning Volkswagen vans are only the latest step in a 60-year journey that started with one clever idea...
Volkswagen Commercial Vehicles has a host of new trims on offer, with the Transporter now available in eight different styles. These include the new Trendline, Highline and Sportline models, each offering a unique blend of style and functionality. The Transporter has been the best-selling van in the UK for many years, and the new models promise to keep it at the top of the charts.

Finance that makes buying your vehicle easy

Getting your hands on a new van or passenger car from Volkswagen Commercial Vehicles could be even more affordable – and easier – than you think. We've got a great range of finance deals that allow you to tick as many boxes as you wish for your business and your pockets. That means it’s not just about the bottom line, it’s about finding the right deal for you. And with plans that include pre-planned costs, our promise to you is truly alive and well.

New trims offer outstanding value

Now there’s even more choice for Caddy and Transporter buyers, thanks to the introduction of new trims that offer a great pack of features at one easy price. That makes buying a van with a high level of specification really simple and affordable.

Volkswagen Commercial Vehicles has won a string of awards in recent months, including the title of ‘Manufacturer of the Year’ in 2012 from the Van’s Place magazine. The magazine also awarded the Transporter as ‘Van of the Year’, while the Caddy was named ‘Best Small Van’.

The Transporter remains Volkswagen’s Panel Van and ‘Van of the Year’ for 2012 by Fleet Van, while the top-of-the-range Transporter Sportline was What Van? magazine’s ‘Editor’s Choice’. The Caddy 4MOTION® was What Van?’s ‘4x4 Van of the Year’, while the Amarok range Transporter Sportline was What Van? magazine’s ‘Editor’s Choice’. The Caddy 4MOTION® was What Van?’s ‘4x4 Van of the Year’, while the Amarok range was What Van? magazine’s ‘Editor’s Choice’.

These awards recognise and prove that Volkswagen Commercial Vehicles has consistently delivered you great value for money. And they’re regularly updated.

What is it like to drive? p24
Which model is right for me? p30
Which engine do I need? p34
What trims are available? p40
What support can I expect? p66
What does it cost? p10
What options can I choose? p14
What are the facts and figures? p18

Keep track of your vehicle, engine and option choices using our handy checklist – you’ll find it inside the back cover.

Grand total

Trim (see pages 24-29)

Options (see pages 42-63)

Add Ons (see page 64-65)

You can add any item from our Add Ons accessories range when you buy your vehicle. Pick up an Accessories brochure to see the full range.

Work out how much it costs

Turn over to keep track of the prices of the vehicle and options you’re choosing. Then take this page into your Van Centre.

For everyday getting around, the Transporter is great, especially in the city. It drives like a car, so it suits me for private use as well. Charlie Clifford, Fit UK

The optional parking sensors are really useful. Parking bays differ in size from borough to borough and, without the sensors, you wouldn’t stand a chance. Tony Kilbryde, Pimlico Plumbers

We use our vans to carry all the different tools and spares for customer repair work, so we need a lot of room. The Transporter’s large cargo bay really helps here. Gary McKee, Miele

Vehicles shown on the following pages may contain factory-fitted options that are available at an additional price.
All these features are fitted as standard on every Transporter and work without you having to lift a finger.

Off-road ability

If you’ll be driving off-road or where more traction is needed, consider choosing the optional 4MOTION® drivetrain. This clever all-wheel-drive system automatically sends power to the wheels that need traction most when conditions become slippery. In normal driving, it reverts to driving only the front wheels to ensure maximum fuel economy.

The Transporter has the sort of car-like driving feel that makes delivering goods easy. That’s thanks to a choice of powerful 2.0-litre TDI engines, an easy-to-shift manual gearbox or automatic 7-speed DSG gearbox and compact, city-friendly dimensions.

GEARED UP FOR EASY SHIFTS

All Transporters come with either a five- or six-speed manual gearbox, with an easy-to-reach, dash-mounted gearlever. You can opt for the convenience of our seven-speed, Direct Shift Gearbox (DSG). It’s fully automatic, yet it behaves like a manual, making it great for city driving, but you can always take control and change your own gear by simply nudging the gear lever up or down.

SAFETY COMES AS STANDARD

The Transporter is packed with technology that helps keep you – and your goods – safe on the road. Volkswagen’s advanced ESP (Electronic Stabilisation Programme) works with ABS (Anti-lock Braking System), EBD (Electronic Brakeforce Distribution) and TCS (Traction Control System) to keep you safe on the road, while Hill Hold Control makes hill-starts a doddle.

Everyday driving made effortless

Getting the Transporter from job to job is a breeze – especially with the addition of optional DSG and 4MOTION® four-wheel drive.

Driving tech explained

ON THE ROAD

Driving tech explained

IN THE GEAR

4MOTION®

4MOTION® is an all-wheel-drive system that helps maintain optimum grip in all conditions. If one wheel loses traction, 4MOTION® reacts in milliseconds and sends power to the wheels with the most grip.

Direct Shift Gearbox (DSG)

Our seven-speed, Direct Shift Gearbox (DSG) is great for city driving. It can be used either as a fully automatic gearbox or as a quick-shift manual – just nudges the gear lever forwards or backwards to change gear up or down.

DIRECT SHIFT GEARBOX

Driving made effortless

Driving on muddy building sites or where more traction is needed? Consider adding optional 4MOTION®.

Parking is easy

The short-wheelbase Transporter is about the same length as a family saloon, making it easy to park. If you add front and rear parking sensors, getting into tight spots should be even easier.

Direct Shift Gearbox (DSG)

Our seven-speed, Direct Shift Gearbox (DSG) is great for city driving. It can be used either as a fully automatic gearbox or as a quick-shift manual – just nudges the gear lever forwards or backwards to change gear up or down.

Spacious, versatile and packed with clever features, the Transporter’s cab is a great place to keep your business working – even when you’re on the road.

You probably spend more time in your van than you do on your sofa at home, so it has to be comfortable. When you’re out on the road, you want to stay in touch with colleagues and customers to keep your business working. That’s why we’ve built the cab of the Transporter with both comfort and work in mind.

The perfect fit for you
Whether you’re doing motorway miles or door-to-door deliveries, the Transporter’s cab fits like a glove. The ergonomically designed seats provide terrific support while the dash is clean and tidy, with all of the key controls just where you want them.

Stay in touch on the move
Your clients want to be able to reach you all the time. That’s why we offer optional Bluetooth connectivity, allowing you to connect your phone and speak when on the move. With a selection of high-quality audio and satellite-navigation systems, you can also stay entertained and on the right road wherever you are.

Cozy seats
Our ergonomically designed seats are perfect for you and your passengers. Want more?

Our seat options let you choose a layout that’s perfect for you and your passengers (see page 58).

Ultradistinct dashboard
All the controls are easy to use and easy focused on the road. A special dashboard helps you change gear at the most economical moments. Want more?

Cool and comfortable
Heat reflective glass keeps things cool, even in the summer. Want more?

Choose air conditioning – this gives you more temperature control. See page 56.

Entertainment and sat-nav to suit you
Want to play MP3s, listen to DAB radio, watch a DVD once you’ve stopped or add Europe-wide sat-nav? We’ve got the kit for you. See page 46.

Three-spoke steering wheel
The three-spoke steering wheel is comfortable and easy to use at all times. Want more?

A multi-function steering wheel (see page 54) and optional Bluetooth kit let you control your phone and audio systems.

Plenty of places to store your stuff
WORKING VEHICLES don’t just carry the load in the rear – their cabs carry all the clutter that fills your working day, too. That means invoices, drinks, laptop and more. You’ll find lots of clever storage spaces in every Transporter – so you won’t be out of sorts for a moment. A large space under the passenger seats and an optional fold-down tray on the passenger seat.

Your local Van Centre can help you choose the right options for you. Find your nearest one on www.volkswagen-vans.co.uk, or call 0800 717131.

“There’s plenty of storage – you can use the glovebox, both door pockets and the area under the front passenger seats. No excuse for mess in the cab!”
Tony Edwards, Delta Plumber

www.OneStopVanShop.co.uk
The range: Transporter panel van

Easy access, lots of options
Cargo couldn't be easier to load and unload in the Transporter, thanks to its low floor height (566mm) and wide choice of side- and rear-door configurations. There are also plenty of other cargo bay options to help you customise your Transporter to suit your needs. Turn to pages 48-53 for more.

Sizing your load
You can easily fit two 0.8m x 1.2m Euro pallets into a short-wheelbase Transporter. The long-wheelbase model can take three with room to spare.

Configured to your needs
We know that personalising your cargo bay helps you to get even more from your vehicle. So, whether you’re after roof bars, towing attachments or plylining to keep your van’s interior looking good, we’ve got a range of factory-fitted options that are designed to last.

Easy to load
With a low floor height of 566mm, getting cargo in and out of the Transporter is breeze, and you can secure your load with up to eight lashing rings. The panel van comes with a nearside sliding door as standard, but adding an optional second sliding door lets you access your cargo on whichever side of the road you park.

Panel van comes with unglazed rear doors as standard, but you can choose to add a variety of factory-fitted rear door options, including tailgates or doors with 250-degree hinges, which fold completely out of the way for easy loading and unloading.

High roof: 1,940mm interior height
Medium roof: 1,626mm interior height
Low roof: 1,410mm interior height

When you’re shifting large loads, you want a van with a large cargo bay and easy access. If that’s the case, the Transporter panel van is your perfect match.

The Transporter panel van comes with lots of options to make delivering your cargo as easy and efficient as possible. A choice of roof heights, from the low roof up to a 1.94m high, while optional roof packs can increase the load height to 1.626m and bring the load volume up to an impressive 9.3m3.

Adding load height
Three factory-fitted roof packs are available to boost internal load height and volume. See page 48 for details and prices.

Adding load length
Three factory-fitted load length packs are available to accommodate loads up to 2.97m long. See page 49 for details and prices.

For vehicle prices, see page 34
For a full range of factory-fitted options, see page 40
For full dimensions and weights, see page 66

Next steps...
The best of both worlds

Want to carry your crew, but still shift plenty of stuff? With three extra seats and lots of cargo space, the Transporter kombi can do both with ease.

Sometimes work isn't just about shifting cargo or people. You may have to take crew to a job site, and moving them in separate vehicles eats money. The Transporter kombi – truly versatile, it’s really easy to move up to six people and provide in one neat move.

Same great cargo versatility

The Transporter kombi comes in the same versatile configurations as the panel van. That means short and long wheelbases for loads up to 2.97m in length, with optional roof packs that can increase the interior height to 1.92m and bring the total load volume up to 9.3m³.

You can also add a second sliding door to the standard single-cab chassis – a truly versatile way to move up to six people or a double cab that shifts in six.

Seating that works for you

All Transporter kombis come with a driver’s seat, dual passenger seat and three-seat rear bench as standard. All Transporter kombis come with a driver’s seat, dual passenger seat and three-seat rear bench as standard. For extra versatility, the rear bench folds down, increasing the load area to almost that of a panel van.

There are also optional seat packs – for example, swivelling front seats that let you and a passenger turn and face those in the rear.

Wants to carry more crew?

A Transporter shuttle or window van could be for you. Want to carry more crew? A Transporter shuttle or window van could be for you. With three extra seats or a double cab that shifts in six, there’s room for people or cargo. See page 48 for details and prices.

Transporter chassis and dropside

Robust and flexible

The heavy-duty Transporter chassis comes with the options of a factory-fitted dropside or a load area that can be customised to your specific needs.

When it comes to creating your perfect heavy-duty Transporter, you’ve got two options. You could pick a Transporter chassis fitted with our off-the-shelf, rugged alloy dropside body or, if you’re after something specific, to find out more about converting a Transporter chassis to your specific needs.

To find out more about converting a Transporter chassis, visit www.volkswagen-vans.co.uk/conversions, contact your local Van Centre or call us on 0800 717 131.

Not big enough for your load?

The Volkswagen Crafter could be the right van for you. Call 0800 717 131, visit www.volkswagen-vans.co.uk, or ask at any Van Centre for a brochure.
Engines

Technology that helps to cut fuel bills and lower emissions

“Fuel is likely to be your van’s biggest running cost these days. However, thanks to Volkswagen’s years of experience developing advanced turbodiesel (TDI) technology, the Transporter’s 2.0-litre TDI engines now offer more power and use less fuel than ever before – up to 20% less, in fact.

Versatile engine choices

The Transporter’s 84PS 2.0-litre TDI has 220Nm of torque – plenty of pulling power for heavy loads – yet its fuel efficiency reaches up to 37.7mpg (combined) and has CO2 emissions as low as 198g/km. Need more? The twin-turbo 180PS BiTDI has 400Nm torque, with 36.2mpg (combined) and CO2 emissions of 205g/km.

Go even greener

If you want to take your fuel efficiency to a new level and cut emissions even further, you can always add BlueMotion Technology, or go for the ultra-efficient BlueMotion model. Turn the page to learn more.

‘You have really impressed with the Transporter’s fuel economy. Diesel prices keep going up, so I’m glad that my van is better than most in terms of fuel efficiency’

Charlie Clifford, FitUK

Why torque matters

Torque is often more important than power when it comes to an engine’s performance. If you carry heavy cargo often, pick an engine with lots of torque. It will move a heavy load from a standing start better than one with less torque, and keep it moving more easily. A torquey engine may use more fuel, because you won’t need to rev it as much to get the best out of it.

Intelligent power to drive you on

The Transporter’s advanced 2.0-litre TDI engines are easily strong enough to get the job done, while keeping fuel bills to a minimum.
More miles, less impact

BlueMotion Technology lowers your van’s fuel costs and CO2 emissions.

It’s now available across most models in the Transporter range.

A

At Volkswagen Commercial Vehicles, we’re as keen as you to reduce our vehicles’ fuel consumption and emissions. We know that fuel costs are a big burden on van drivers and businesses, so improving our vehicles’ efficiency only brings you even better value. That’s why we’ve brought in BlueMotion Technology to the Transporter range.

The power of technology

All Transporter panel vans and kombis that carry the BlueMotion Technology badge include our energy-saving solutions – start/stop, low-rolling-resistance tyres, energy recuperation and cruise control – as standard. Together, they create instant fuel savings and lower CO2 emissions. The benefit is money – and time – saved at the pumps.

Two engines, all the options

BlueMotion Technology can be added to two engines in the Transporter range – the 84PS and 114PS versions. Each delivers combined fuel economy of 41.5mpg and cuts CO2 emissions to 179g/km.

Another benefit of BlueMotion Technology is that the savings come without compromise, because you can add almost any factory-fit options you like. Your Van Centre can help you choose the best ones for you.

How BlueMotion Technology works to lower your fuel bills and CO2 emissions

BlueMotion Technology is available as an engine option on most Transporter panel vans and kombis, and is made up of four elements. Together, they make significant cuts in fuel consumption and CO2 emissions, which keeps money in your pocket and reduces the impact on the world around us. Here you can learn more about these elements and what they do.

Cruise control

By keeping your van at a constant speed, cruise control saves fuel that would normally be wasted when your speed fluctuates. It’s especially useful for drivers who drive long distances, because it stops your speed creeping up uncontrollably and reduces abuse.

Low-rolling-resistance tyres

Fitting tyres with low rolling resistance means that the engine doesn’t have to work as hard to get your van moving – or keep it moving. It all helps to save fuel and reduce carbon emissions.

Start/stop

Start/stop allows you to save fuel actually time. When you stop, put your van in neutral, release the clutch and the engine automatically switches off, saving fuel and reducing emissions. When you’re ready to go, depress the clutch and the engine starts up again.

Regenerative braking

When braking, energy during deceleration is wasted. Our energy recuperation system uses some of that momentum to turn the alternator and charge the battery. If the battery is well-charged, the engine has to do less work turning the alternator to keep it topped up. This cuts fuel use and emissions.

David Landy, Head of Fleet for BSkyB

“BlueMotion Technology has everything we wanted in one model – solid engineering, great fuel economy and low CO2 emissions.”

How BlueMotion Technology works to lower your fuel bills and CO2 emissions

BlueMotion Technology is available as an engine option on most Transporter panel vans and kombis, and is made up of four elements. Together, they make significant cuts in fuel consumption and CO2 emissions, which keeps money in your pocket and reduces the impact on the world around us. Here you can learn more about these elements and what they do.

BlueMotion Technology specifications

See page 66 for full engine data.
The ultimate in efficiency

The Transporter BlueMotion is the top performer in Volkswagen's BlueMotion Technology range. As well as using all of the BlueMotion Technologies, every aspect of its specification has been optimised to reduce weight and improve aerodynamics. That means you benefit from improved fuel efficiency because of its energy-efficient set-up (that’s up to 18% better than a standard Transporter) and remarkably low CO2 emissions of just 166g/km. For the record, that makes Transporter the most efficient panel van in its class – quite an achievement.

BLUEMOTION TECHNOLOGIES

The Transporter BlueMotion contains all our BlueMotion Technologies: start/stop, energy recuperation, low-rolling-resistance tyres and cruise control. The Transporter BlueMotion is as user-friendly as any other Transporter panel van – with its short wheelbase, it's great for city driving, yet it can still carry up to 871kg and loads as long as 2.57m.

PAINT OPTIONS

The Transporter BlueMotion is available in all the paint colours from the Transporter range, as well as a new Glacier Blue (as seen here) that is exclusive to this model.

SAME GREAT LOAD SPACE

The Transporter BlueMotion panel van is a true hero of the Volkswagen Commercial Vehicle range. As well as using all of the BlueMotion Technologies, every aspect of its specification has been optimised to reduce weight and improve aerodynamics. That means you benefit from improved fuel efficiency because of its energy-efficient set-up (that’s up to 18% better than a standard Transporter) and remarkably low CO2 emissions of just 166g/km. For the record, that makes Transporter the most efficient panel van in its class – quite an achievement.

A great range of trims that offer value and choice

Even before you add any extras, the Transporter is ready to go, straight out of the box. From a cab that encourages back-seat comfort and from safety to storage, the Transporter has it covered.

A comfortable, convenient cab

The generous cab specification reflects the thought that has gone into making the standard Transporter right for you. For starters, the comfortable cab seats and adjustable steering wheel let you find your ideal driving position. Power steering makes light work of driving and parking around town, too.

Then there’s convenience. Tough electric front windows and electrically adjustable, heated door mirrors, while heat-reflective glass keeps the cab cool. And to keep you entertained, there’s the excellent RCD 210 with a single CD player.

Easy-access load bay

The standard Transporter’s load area has been designed to make your life easy. There are twin rear doors and a nearside sliding door to give you plenty of access, and six load-lashing rings (eight on the long-wheelbase model) to keep your load secure. Two door-activated interior lights keep the area illuminated, too.

If you’re opting for a kombi, instead of twin doors at the rear you get a tailgate with a heated window and wash/wipe to keep the rear view clear.

Safe as houses

The standard Transporter has one of the most comprehensive standard safety specifications on the market. Top of these is the Electronic Stabilisation Programme (ESP). There are also Anti-lock Brakes (ABS) with Electronic Brakeforce Distribution (EBD), Engine Braking Control (EBC) and Traction Control (TCS). Hill Hold Assist helps you make safe hill-starts.

The standard equipment doesn’t stop there. There are daytime running lights, while hazard warning lights come on automatically under emergency braking to warn other drivers. Drivers and passenger airbags are standard, while your van and its contents are kept safe, too, thanks to remote central locking with deadlocks and internal locking control.

A great van from the start

With a wide range of features fitted as standard, the Transporter is always ready to go to work.

Keep it secure

All Transporters have six load-lashing rings (long-wheelbase models have eight), so you can range your load safe and secure.

Standard

- Twin rear sliding doors
- Windscreen wiper wash/wipe
- Hill hold assist
- RCD 210 radio
- Digital clock
- Daytime running lights
- Engine Braking Control
- Electronic Stability Programme
- Anti-lock Braking System
- Hill Hold Assist

Quality comes naturally

Whispak leather cuirs rear Volkswagen Transporter is equipped with an inimitable list of standard features that ensure at all costs. Quality, performance, reliability and safety of your Volkswagen van. It’s the only way.
Trendline models get style and technology — an MP3-friendly sound system, Bluetooth, rear parking sensors and body-coloured bumpers

Trendline models take the Transporter’s great looks and standard features, and add even more – inside and out. It’s every inch a Transporter, but even more desirable.

Sharper looks
The Trendline’s extra features really make the Transporter look the business. Body-coloured bumpers, mirrors, door handles and wheel trims make your van stand out. Kombi models get privacy glass on the sliding doors, too.

Convenience comes free
As well as comfort, the Trendline trim also brings you great new levels of convenience. That means cruise control to stress-free motorway trips, Bluetooth phone preparation, a trip computer and rear parking sensors – all fitted and ready for you to use straight away.

There’s also a cab comfort pack, which includes extra soundproofing, sun visors with vanity mirrors, a two-tone horn, additional storage facilities and more.

Parking sensors
Rear parking sensors make it easy to park when vision is restricted.

Highline
Extra style, added cool
A leather steering wheel, alloy wheels, front fog lights and Climatic air-conditioning give Highline models even more comfort and style

Set the style on the road
The Transporter Highline includes all of the external styling features from the Trendline trim – body-coloured bumpers, mirrors and door handles – and adds 16” Colmar alloy wheels (with locking wheel nuts to keep them safe). If you opt for one of the top-of-the-range 180PS 2.0TDI models, you receive an upgrade to 17” Thunder alloy wheels. Additionally, there are front fog lights to guarantee visibility in poor conditions.

Even more comfort in the cab
Just like the Trendline trim, you get Bluetooth phone connectivity, rear parking sensors and cruise control, as well as the four-speaker RCD 310 radio/CD (with aux-in). Highline models also benefit from the addition of luxury extras such as a leather steering wheel and gearknob, while semi-automatic air-conditioning helps to keep your cab cool, so you’ll arrive at your job feeling refreshed. And when you’re with clients, a Thatcham Category 1 alarm and immobiliser (both standard) help to keep your van secure.

Trendline
Packed with useful tech
Trendline models take the Transporter’s great looks and standard features, and add even more – inside and out. It’s every inch a Transporter, but even more desirable.

A leather steering wheel, alloy wheels, front fog lights and Climatic air-conditioning give Highline models even more comfort and style

Highline features
(In addition to Trendline trim)

Trendline features
(In addition to standard models)
It’s the business
Make a real impression with the top-of-the-range Transporter Sportline – it’s stunning inside and out

The Transporter Sportline lifts Volkswagen’s best-seller into a bold new business class. Available as a panel van or a kombi, the Sportline features all the versatility you’d expect, but its remarkable performance and sleek styling will turn heads and confirm to your customers that they’re dealing with discerning tradespeople. We know, because What Van? picked the Sportline as ‘Editor’s Choice’ in its 2012 awards.

- SPORTLINE

-✔ Kenwood Multimedia system with satellite-navigation
-✔ Two-tone leather upholstery
-✔ Leather steering wheel and gearknob
-✔ Floor mats with Sportline logo
-✔ 18” Sportline alloy wheels
-✔ Body-coloured bumpers and door handles
-✔ Darkened rear light clusters
-✔ Gloss Black door-mirror housings and lower front grille with added Sportline logo
-✔ Polished stainless-steel side bars
-✔ Front spoiler and rear roof spoiler
-✔ Leather covers for the steering wheel and gearknob
-✔ Front and rear seat airbags
-✔ Choice of three exterior paint colours

SPORTLINE

The Sportline’s Kenwood Multimedia System has a 7” colour touch-screen and full European satellite navigation with real-time traffic info. There are also connections for Bluetooth mobile phones and other external devices.

1. A SPORTY RIDE
18” Sportline five-spoke alloy wheels – available in silver or black – give the Sportline a dynamic look. Under the skin, stiff suspension (set 30mm lower than a standard Transporter) makes for a more engaging drive.

2. THE STYLE IS IN THE DETAILS
The Transporter Sportline can be a subtle promoter of your business. Sportline logos and chrome detailing highlight its sophisticated exterior. A darkened light clusters and polished-steel side bars create a striking appearance.

3. UP TO THE TASK
The Sportline retains all the practicality you’d expect in any Transporter – a 6.7m³ load space and a 1,259kg payload. The kombi version seats up to five people, while long- and short-wheelbase variants widen your choice further.

4. LUXURY OFFICE ON THE MOVE
The Sportline’s stylish cabin features two-tone leather upholstery, front floor mats with a Sportline logo, and leather covers for the steering wheel and gearknob. There’s a driver’s seat armrest and air-conditioning, too.

5. POWERFUL AND EFFICIENT
The Sportline uses the Transporter’s top-of-the-range 2.0-litre BiTDI twin-turbo diesel engine. With 180PS and 400Nm of torque, it’s enough power for any job, but remains refined and economical all the time.

6. ENTERTAINED AND IN TOUCH
The Sportline’s Kenwood Multimedia System has a 7” colour touch-screen and full European satellite navigation with real-time traffic info. There are also connections for Bluetooth mobile phones and other external devices.
Full support right from the start

We want to make sure that using your van is as hassle-free and cost-efficient as possible, so every vehicle comes with a three-year warranty and a choice of finance, servicing and insurance options. It all helps to keep the big issues covered.

"For me, my van is like any other tool I use: the less I have to think about it, the better. Using a Volkswagen has been so hassle-free."

Gary McKee, Miele

All Transporters get a three-year, 100,000 mile warranty – and so do any factory-fit options that you buy. The vehicle warranty will expire sooner if you exceed 100,000 miles.

A three-year warranty that lasts up to 100,000 miles

All Transporters get a three-year, 100,000 mile warranty – and so do any factory-fit options that you buy. The vehicle warranty will expire sooner if you exceed 100,000 miles.

A three-year warranty for selected modules

A fixed two-year Van Centre warranty, up to a maximum of 100,000 miles, for the first two years, the manufacturer’s two-year warranty still applies.

Warranty cover for longer?

You can now renew your vehicle warranty online or by phone. You can choose Comprehensive or Repair-Comprehensive cover and either one on labour or unlimited mileage.

Service options designed to fit your business perfectly

It’s only natural that you want to keep your vehicle running at its best. Getting it serviced at a Volkswagen Van Centre is a great way to ensure that’s exactly what happens. However, when it comes to servicing, we know every business has different needs. That’s why we’ve developed three different service options for you to choose from.

Flexible Finance that makes things affordable

We provide a range of cost-effective, comprehensive motor insurance. Look at some of the benefits:

Three years’ Roadside Assistance

For more details, visit www.volkswagen-vans.co.uk or call 0800 316 7896, or pop into your Van Centre.

Learn more
Visit your Van Centre to get a Volkswagen Roadside Assistance brochure or visit www.volkswagen-vans.co.uk/roadside-assistance/ for details.

For more details, visit www.volkswagen-vans.co.uk or call 0800 316 7904, and ask for a Flexible Finance brochure.

Van Centres – always there for you

Our dedicated Van Centre network is the backbone of everything we do, with more than 100 Van Centres and Authorised Repairers throughout the UK.

Our Van Centre network offers a wide range of services, from MOTs to accessories, servicing to fully fitted parts. Not only that, but we use Volkswagen quality parts and you get dedicated staff who understand your van intimately. So pop in for a coffee and a chat, and find out what your Van Centre can do for you.

"If your van’s not working, you’re not working. That’s why we’re here to help"
7 ways your Van Centre can help you right now

Make full use of your nearest Van Centre – it’s full of Volkswagen experts who know your vehicle better than anyone and who can help you to get the best out of it.

**Express Visual Checks – peace of mind for free**

Your Van Centre or Authorised Repairer can give your vehicle a 29-point Express Visual Check for complete peace of mind. You’ll be given a comprehensive report, with the faults clearly explained, and your technician will talk you through what work should be done in the future, so you can plan ahead and budget for it. If something needs urgent attention, you can get a precise quote before any work is done – and all the Volkswagen parts are covered by a two-year warranty.

**Fully fitted parts for a fixed price – and not a penny more**

The pricing of all our Volkswagen quality parts is straightforward and clear – so you know exactly how much you’re paying. Even better, when they’re fitted by trained technicians at a Van Centre or Authorised Repairer they come with two-year warranties and 12 months’ warranty on labour. If your van is over five years old, ask us about our Economy Parts range. This is a great-value way to help keep your vehicle 100% Volkswagen – it uses high-quality parts that come with a two-year warranty.

**Accessories designed to help you get more from your van**

Perhaps you’ve bought a van and your needs have changed – maybe you need a towbar or a roof rack, or perhaps you want to give your van some extra style. That’s where Add Ons comes in. Add Ons is an extensive range of Volkswagen-approved accessories, available to buy and fitted at your local Van Centre. We’ve got everything from towbars to tailgate spoilers, load nets to leather seats and sat-nav systems to stunning alloy wheels.

**Quality servicing you’d expect at a price you wouldn’t**

Unpredictability and changing business life profiles are part of business life. Making it difficult to predict how many miles your vehicle will do in a year, or how long it will need to be serviced. Our National Service Plan is designed for companies who need the flexibility of being able to book in their vehicles for a service whenever it suits you. It means you can set your own service package to ensure that your vehicle is back on the road, working hard for your business, as soon as possible.

**Picking a van that’s perfect for your needs**

We know that choosing your next van or passenger carrier in a big decision. You want a vehicle that works as hard as you do, both now and for the long-term – one that’s reliable, cost-effective and well-made. We’re here to help make your choice easier.

Our Van Centre experts can often advise on every model in the range and help you pick the right vehicle and battery for your business. They can also advise you on the finance options available to ensure that your payments make financial sense.

**Fast, hassle-free van rental for one-off jobs**

Need another van for just a short while? We can hire you any vehicle from our fleet – Caddy, Transporter or Crafter – or passenger-carrier versions of the Transporter and Crafter if you need to move people.

**Taking the worry out of tyres**

Why run around looking for a fitter who has your tyres in stock? Let us fit new tyres when your van is in for its service and it’ll keep your van off the road for less time. We have a huge range of tyres for all Volkswagen vans, from entry to premium luxury, including winter tyres.

For more information, call the Van Rental team on 0808 4674350.

**Always on hand to help**

We know that choosing your next van or passenger carrier is a big decision. You want a vehicle that works as hard as you do, both now and for the long-term – one that’s versatile, cost-effective and reliable. We’re here to help make your choice easier.

Our Van Centre experts can offer advice on every model in the range and help you pick the right vehicle and battery for your business. They can also advise you on the finance options available to ensure that your payments make financial sense.
## Transporter panel van

### Every Transporter has an On The Road package that covers basic vehicle costs

### You can add any item from our Add Ons accessories range when you buy your vehicle.

### Work out how much it costs

### Add even more features to your Transporter van

### Insurance

### See pages 24–27 for full trim details

#### Transporter chassis and double cab

Want the latest model? Try a hire agreement

If you can’t live without a new vehicle every couple of years and you want to drive the latest models, our hire agreements can give you as much flexibility as you need.

Now you’ve chosen a Volkswagen to be part of your team, let’s create a finance package that’s tailored to the needs of your business. Have a look at the Flexible Finance brochure to find out more.

Lots of finance options to suit your needs

To find the nearest Van Centre to you, call us on 0800 717 131 or visit www.volkswagen-vans.co.uk

For full details of VED (Vehicle Excise Duty) bands and other costs included in the On The Road package, please ask your Van Centre.

† As advised by the Association of British Insurers (ABI). Please see www.thatcham.org/abigrouprating for more information.
Heating and ventilation
In summer, you want to keep you and your workmates cool, so we offer a variety of air-conditioning systems for panel vans and kombis. You can also pick manual or timer-activated heaters for the rear passenger area (kombi models) – ideal for early-morning winter starts.

Electrical
Whether you need the convenience of electric door mirrors or a trip computer, or important equipment such as tachographs, there’s something for you. We can also provide uprated alternators and batteries to cope with any heavy-duty electrical options or accessories you might need.

Safety and security
The Transporter has lots of standard safety features, but you can add more, including extra airbags, tyre-pressure warning indicators, fog lights and visibility packs. You could also add lane-change assist to help with overtaking, or parking sensors or an alarm pack.

Body and chassis
If you want to get more into your Transporter, optional roof packs add extra height and volume, while a choice of side- and rear-door options make loading and unloading easier. You can add another side door, a rear tailgate or rear doors that open 250° for unobstructed access.

Alloy wheels and tyres
Alloy wheels and metallic or pearlescent paints are great for adding a really stylish look to your van, and can help it to retain more of its value when you come to sell it in a few years. Our 18" Canberra wheels come in a set of four with a tyre repair kit and 255/45 R18 tyres, and are available for all Transporter models. There are lots of other wheel designs, too.

Cargo bay
We have lots of options for customising your cargo bay, including a choice of bulkheads to separate the load space from the cab, load-lashing rails to help secure your cargo, and floor covers and plywood side-lining to protect the interior of your van (and your load) from bumps and scrapes.

Comfort and convenience
You’re often in your Transporter’s cab for large chunks of time, so it has to suit your needs. Consider fixing a sunroof, extra storage areas, carpet flooring, upgraded upholstery or one of a variety of seat packs for you and your crew. You can also add cruise control, which can help to save fuel by keeping your speed constant.

Audio, phone and sat-nav
We’ve got stereo systems to keep you entertained, Bluetooth phone connectivity so you can stay in touch and sat-nav to keep you on the right road. Some of our systems combine audio and navigation, with optional in-built satellite navigation (RNS510). For example, with a choice of 6" or 8" widescreen monitors, when an in-car radio with DAB (Digital Audio Broadcasting) is fitted, you can also add 6.5" touch-screen control. Some of our radios come with CD/DVD players, a 30GB hard drive and an auxiliary (aux-in) socket. Maps for western Europe are included.

Options
Get the best from your van with our quality options
## Options: Paint

You want your van – and your business – to make an impression. The most striking way to do that is to opt for a distinctive paint finish.

Useful towing tips

1. Watch your weight
   Make sure your trailer doesn’t exceed your vehicle’s maximum towing limit or its gross train weight. You’ll find these in your handbook.

2. Load well, stay stable
   For stability, put heavy items low down over the trailer axle. Ensure the trailer has a slightly nose-down attitude, but that it doesn’t exceed the trailer’s or trailer’s nose weight limit.

3. Check your tyres
   Your van’s tyres may need to be inflated to a greater pressure to cope with the extra load. Check your vehicle’s handbook.

Check your mirrors...

If you want even more choice for body and chassis upgrades, including lots of towing and roof-rack solutions, check out our Add Ons accessories range. Ask your Van Centre for a brochure, call 0800 717131 or download a copy at www.volkswagen-vans.co.uk

### Useful security tips

1. **Get an alarm**
   - Alarm units may be of sufficient volume to scare off and prevent a costly break in.
2. **Lock your doors**
   - Even if you’re leaving your van for a minute, locked doors deter a thief and prevent a costly break in.
3. **Keep it tidy**
   - Seemingly trivial items can still be a bait to thieves. Stow gadgets out of sight or take them with you. Thieves know to look in the glove box, too.
4. **Load out of sight**
   - Try and load your van in a secure location. Thieves can linger in public venues for easy swipe-and-run.
5. **Park for visibility**
   - One way of ensuring you avoid parking near bushes or foliage that is likely to deter the thief.

### Parking aids

#### Options: Electrical

Choose your electrical features to give your Transporter a functional and practical edge.
The Transporter comes with a wide range of factory-fit options, but you may want something extra. That’s where Add Ons come in.

Add Ons is the new name for our extensive range of Volkswagen-approved accessories, available to buy exclusively at your Van Centre. Whether you want extra style, extra space, performance or you simply want a more enjoyable and relaxed driving experience, we have plenty of options.

Want more? Pick an Add On...

Help keep it 100% Volkswagen

There are big advantages to purchasing your accessories from Volkswagen. Add Ons have all been designed with Volkswagen in mind, so they’re a perfect match for fit and style, and they’ve been designed and developed to be just as rugged, reliable and long-lasting as your vehicle.

Keep your Add Ons covered

Most Add Ons include a two-year warranty. However, if you order and fit them at the time of purchasing a new van, we may be able to extend that to three years to match your vehicle’s warranty. Pop into your Van Centre and ask our staff about how much Add Ons can add to your life.

Top five Transporter Add Ons

1. **18” Sportline Brilliant Silver alloys**
   - Add extra style with these 8J x 18 alloys, or any of the many other alloys from our Add Ons range.
   - This popular option is available for short- and long-wheelbase vans.

2. **Bluetooth® Music Touch Phone kit**
   - Control your phone by touch screen or by voice, and have your texts and emails read to you.
   - It plays music from your phone, too.

3. **Waterproof seat covers**
   - Protects your driver and front passenger seats from wet and dirt.
   - Not for vehicles with side airbags.

4. **Removable Multimedia system**
   - One top-of-the-range radio and sat nav system, includes DVD player and Bluetooth®.
   - Standard on the Transporter Sportline and available as an Add On for all other models.

5. **Polished stainless steel side rails**
   - These rails not only look good, they also protect your van’s sills from damage. They’re available for short- and long-wheelbase vans.

For more accessories advice or information, call your nearest Van Centre on 0800 717131.

### Optional extras

- **BlueMotion Technology models**
  - Hill Start Assist
  - Electronic Stability Programme (ESP)
  - Electronic Brake-pressure Distribution (EBD)
  - Anti-lock Braking System (ABS)
  - Electronic Differential Lock (EDL)
  - Remote central locking
  - Remote locking with interior unlocking
  - Regenerative braking
  - Cruise control
  - Start/stop system
  - Bluetooth® hands-free telephone
  - Hill Hold Assist

- **BlueMotion models**
  - Regenerative braking
  - Cruise control
  - Start/stop system
  - Bluetooth® hands-free telephone

### Standard features: Transporter panel van

**Interior**
- **Cub zone**
- **12V socket**
- **RCD 210 radio/single CD player with two speakers**
- **Digital clock**
- **Rev counter**
- **Manual climate control with dust and pollen filter, and air recirculation**
- **Heated front and rear windows**
- **Heated rear screen**
- **Interior roof trim in painted hardboard (low roof only)**
- **Interior entry step**
- **Half-height load sidelining in hardboard**
- **Two door–activated interior lights (three with optional high roof)**
- **Gear shift indicator**
- **Storage net on lower dash passenger side**
- **Lockable glove compartment**
- **Rubber floor covering**
- **Digital clock**
- **Rev counter**
- **RCD 210 radio/single CD player with two speakers**
- **Manual climate control with dust and pollen filter, and air recirculation**

**Exterior**
- **Tool kit and jack**
- **Unglazed rear wing doors**
- **Full-size spare wheel**
- **Heat-reflective glass**
- **Grey bumpers**
- **Galvanised steel body**
- **Door mirrors, electrically heated and adjustable**
- **Black wheel centre caps**
- **80-litre lockable fuel tank**

**Safety and Security**
- **Drive and load passing by with standardised loading**
- **Height-adjustable and extendable steering column**
- **Remote locking with interior unlocking**
- **Keyless entry and starting**
- **Remote central locking with interior unlocking**
- **Tinted side windows**
- **Tinted rear passenger windows**
- **Tinted rear passenger windows (180PS model)**
- **Tinted rear passenger windows (180PS model)**

**Options**
- **In addition to Standard**
  - **Bluetooth® hands-free telephone**
  - **Automatic climate control**
  - **RFID key and remote central locking**
  - **Height and rake adjustable steering column**
  - **Height-adjustable head restraints**
  - **Driver and front passenger (with deactivation) airbags**
  - **Door mirrors, electrically heated and adjustable**
  - **Heavy-duty floor mats**
  - **Rear door interior release lever**
  - **Load-lashing rings (six for SWB, eight for LWB)**

### Trendline, Highline and Sportline

**TRENDLINE**
- In addition to Standard
- RCD 310 single CD/radio system. A double DIN system with a larger display, four loudspeakers, CD-IN and black finish display when combined with parking sensors.
- Bluetooth mobile phone connection. Includes the computer with multi-function display.
- Parking sensors – rear
- Body coloured bumpers, door mirrors and handles
- Premium dashboard (includes platinum-grey centre console surround, rubber storage compartment trays and air vent controls)
- ‘Tasamo’ cloth upholstery
- Comfort pack (includes grab handle on A-pillars, sunglasses holder, driver and front passenger seat side storage compartments, sun visors with vanity mirrors, two-tone horn, reading lights, dimmable dashboard illumination and additional noise-suppression measures)
- Cruise control
- Wheel trims (not 180PS models)
- Armrests for driver’s seat
- Bulkhead, full-height, steel
- Trendline exterior badge

**HIGHLINE**
- In addition to Trendline
- 16” x 6.5J Colmar alloy wheels with 215/65 R16 tyres including steel spare wheel and locking wheel bolts (all models except 180PS)
- 17” x 7J Thunder alloy wheels fitted with 235/55 R17 tyres including steel spare wheel and locking wheel bolts (180PS models)
- Climatic semi-automatic air-conditioning system
- Leather steering wheel and gear knob
- Front fog lights
- Thatcham Category 1 approved alarm and immobiliser with tow-away, perimeter and interior cab protection
- Highline exterior badge

**SPORTLINE**
- In addition to Standard
- 18” x 8J Sportline five-spoke alloy wheels with 255/45 R18 103 tyres. Includes Tyre Mobility System. Available in Brilliant Silver or Black finish
- Body coloured bumpers and door handles
- Darkened rear light clusters
- Deep Black pearlescent or Reflex Silver metallic paint (Candy White with Gloss black roof available as optional extra)
- Front carpet floor mats with Sportline logo
- Front spoiler
- Gloss black door mirror covers with Sportline logo
- Gloss black upper and lower front grille with chrome detailing
- Headlights with interior chrome detailing
- Polished stainless-steel side bars
- Parking sensors – rear
- Rear roof spoiler
- Sportline sports suspension (30mm lower)
- Tailgate without window
- Sportline exterior badge
- Two-tone leather upholstery with Sportline logo
- Armrests on drivers seat
- Climatic semi-automatic air-conditioning for cab
- Kenwood Multimedia System – 7” colour touch-screen, full European Garmin satellite-navigation with real-time traffic information, built-in Bluetooth phone connectivity, USB port and single CD with DVD playback. Full iPod or iPhone connectivity with an optional lead (please ask your Van Centre for full details)
- Leather steering wheel and gearknob
- Trip computer with multi-function display
- Front fogs lights with cornering light function
- Thatcham Category 1 approved alarm and immobiliser with tow-away, perimeter and interior cab protection
- Two-tone horn
- Armrests on drivers seat
- Gloss black upper and lower front grille with chrome detailing
- Polished stainless-steel side bars
- Tailgate without window
- Sportline exterior badge
- Two-tone leather upholstery with Sportline logo
- Armrests on drivers seat
- Climatic semi-automatic air-conditioning for cab

---

1. Unladen weight and payload figures are calculated with approximately 90% fuel level and a 75kg allowance for crew. The published payload figure is based on a standard specification vehicle.
2. Unladen weight includes all fixed equipment, fuel, and any optional equipment included in the vehicle specification. The figure does not include any load. For vehicles fitted with a full glass roof, fitment of roof racks will reduce the unladen weight by up to 100kg. T32 models fitted with a full glass roof will reduce the unladen weight by up to 150kg.
### Economy and performance: Transporter panel van

#### Urban mpg (l/100km)

- **2.0TDI 84PS**: 34.9 (8.1)
- **2.0TDI 102PS**: 33.6 (8.4)
- **2.0TDI 140PS 4MOTION®**: 33.2 (8.5)

#### Combined mpg (l/100km)

- **2.0TDI 84PS**: 34.9 (8.1)
- **2.0TDI 102PS**: 33.6 (8.4)
- **2.0TDI 140PS 4MOTION®**: 33.2 (8.5)

#### CO2 emissions (g/km)

- **2.0TDI 84PS**: 32.5 (8.7)
- **2.0TDI 102PS**: 32.1 (8.8)
- **2.0TDI 140PS 4MOTION®**: 32.1 (8.8)

#### Top speed mph

- **2.0TDI 84PS**: 10.0 119
- **2.0TDI 102PS**: 10.4 117
- **2.0TDI 140PS 4MOTION®**: 12.7 100

#### Fuel consumption and emission test values shown are in full compliance of the fuel consumption directive 80/1268/EWG.
**Standard features:**

- Transporter kombi (cont.)

**TRENDLINE**

- In addition to Standard
- RCD 310 single CD/radio system. A double DIN system with a larger display, four loudspeakers, AUX-IN and ParkPilot visual display when combined with parking sensors.
- Bluetooth mobile phone connection, includes top cover with navigation display
- Parking sensors - rear
- Body-coloured bumpers, door mirrors and handles
- Premium dashboard (includes platinum-grey centre console surround, rubber storage compartment trays and air vent controls)
- 'Tasamo' cloth upholstery
- Comfort pack (includes grab handle on A-pillars, sunglasses holder, driver and front passenger seat side storage compartments, sun visors with vanity mirrors, two-tone horns, reading lights, dimmable dashboard illumination, additional rear passenger suppression measures and heating such as air filter)
- Wheel trims (not 180PS models)
- Cruise control
- Armrests for driver's seat
- Armrests, height and lumbar adjustment for single passenger seat (height and lumbar adjustment are standard for driver's seat).
- Privacy glass
- Trendline exterior badge

**HIGHLINE**

- In addition to Trendline
- 16" x 6.5J Colmar alloy wheels with 215/65 R16 tyres including steel spare wheel and locking wheel bolts (all models except 180PS)
- 17" x 7J Thunder alloy wheels with 235/55 R17 tyres including steel spare wheel and locking wheel bolts (180PS models)
- Deep Black paintwork or Reflex Silver metallic paint (optional Candy White with glass black roof available).
- Rear spoiler
- Parking sensors - rear
- Body-coloured bumpers and door handles
- Darkened rear light clusters
- Deep Black upper and lower front grille with chrome detailing
- Reflector-studded side bars
- Rear roof spoiler
- Rear tailgate
- RCD 310 single CD/radio system
- Trip computer with multi-function display
- Front fog lights with cornering light function
- Thatcham Category 1 approved alarm and immobiliser with tow-away, perimeter and interior cab protection
- Highline exterior badge

**SPORTLINE**

- In addition to Standard
- 18" x 8J Sportline five-spoke alloy wheels fitted with 255/45 R18 103 tyres, includes Tyre Mobility System. Available in Brilliant Silver or Black
- Body-coloured bumpers and door handles
- Darkened rear light clusters
- Deep Black upper and lower front grille with chrome detailing
- Reflector-studded side bars
- Front spoiler
- Gloss black door mirror covers with Sportline logo
- Gloss black upper and lower front grille with chrome detailing
- Headlights with interior chrome detailing
- Polished stainless steel side bars
- Parking sensors - rear
- Rear roof spoiler
- Sportline sports suspension (30mm lower)
- Sportline exterior badge
- Privacy glass
- Tailgate with heated window and wash/wipe
- Two-tone leather upholstery with Sportline logo
- Armrests on drivers seat
- Single front passenger seat with height and lumbar adjustment, and armrests
- Climatic semi-automatic air-conditioning for cab
- Kenwood Multimedia System – 7" colour touch-screen, full European Garmin satellite navigation with real-time traffic information, built-in Bluetooth phone connectivity, Radio and single CD with DVD playback, Full iPod or iPhone connectivity with an optional rear load level for Van Centre for full details
- Leather steering wheel and gearknob
- Trip computer with multi-function display
- Front fog lights with cornering light function
- Thatcham Category 1 approved alarm and immobiliser with tow-away, perimeter and interior cab protection
- Privacy glass
- Tailgate with heated window and wash/wipe
- Two-tone leather upholstery with Sportline logo
- Armrests on drivers seat
- Single front passenger seat with height and lumbar adjustment, and armrests
- Climatic semi-automatic air-conditioning for cab
- Kenwood Multimedia System – 7" colour touch-screen, full European Garmin satellite navigation with real-time traffic information, built-in Bluetooth phone connectivity, Radio and single CD with DVD playback, Full iPod or iPhone connectivity with an optional rear load level for Van Centre for full details

#### Performance

#### Turning circle (wall to wall): Transporter chassis and double cab

- 13.2m

Dimensions in mm unless otherwise stated.

*Unladen weight and payload figures are calculated with approximately 90% fuel load and a 75kg allowance for driver. The published payload figure is based on a standard specification vehicle. It does not include any items of optional equipment. Any optional equipment will reduce the payload from the published figure.

#### Dimensions and weights: Transporter chassis and double cab

- Dimensions and weights:
  - Transporter chassis and double cab
- Management and weights:
  - Transporter chassis and double cab
- Engine/transmission:
  - Transporter chassis and double cab
- Max load front/rear (kg):
  - Transporter chassis and double cab
- Load capacity loaded 130% (kg):
  - Transporter chassis and double cab
- Gross train weight (kg):
  - Transporter chassis and double cab
- Payload† (kg):
  - Transporter chassis and double cab
- The fuel consumption and emission test values shown are in full compliance of the fuel consumption directive 80/1268/EWG.
Notes
